

Our Teachers and Curriculum

The Seattle Area German American School (SAGA) is a German immersion school located in the Greenwood Neighborhood of Seattle. We offer programs for Preschool through Elementary school.

Our Preschool and PreK programs allow children to enjoy their activities in a German-speaking environment. Our teachers are native German speakers and engage with the children 'auf deutsch.' Through repetition, routine, and songs children begin putting words and phrases together. Most of our four year olds speak to each other in German and switch between English and German very easily. Children who continue with us into Kindergarten and beyond gain literacy and become truly bilingual!

The social development of the children is our highest priority. Everyday they learn more about themselves, their families, and how to interact with friends. We rely on the "Creative Curriculum" and "Faustlos" (Second Step program) to help foster social development.

Children learn independence with classroom responsibilities and getting ready (putting on boots, coats and rain pants) for outdoor recess on the "Spielplatz" (playground). We are outside everyday.

SAGA has demonstrated a successful model of engaging young children in learning (or strengthening) a second language. Children and families need no prior German experience to attend our Preschool programs. Willkommen!

Location

The Preschool program is a multi-aged class with children ranging from 2.5-5 years old. Families can choose a schedule between 3-5 days per week. The PreK program is meant for children who will be 4 years old by August 31st and enter Kindergarten the following year. They will attend at least 4 days a week: M-Th, M-W + F, or M-F. We strive to maintain a teacher : student ratio of 1:8 in our Preschool and 1:10 in our PreK classes.

Schedule Example

	9:15	9:30	10:00	10:30	11:30	12:30	1:15
